Mr. Shiny Cadillackness

Clutch

Has your child completed his or her suspicious activity booklet?
Don?t let this summer go to waste.
The enemy is preparing their children are you?
Time to show them who?s boss.
Moloch demands fresh blood to maintain the appetite of his mechanical heart.
Will you sacrifice your first born like Abraham would his Isaac?
Will you sacrifice your first born like Abraham would his Isaac?
Tell me, why Dick Cheney underneath my bed?
Hell no that ain't cool!
Tend to the lips of a wooden head.
No sir, that ain't cool.
Come on now take one for the team.
Stick it to the man, stick it to the man.
Raise the dagger high above Isaac
and drive down as hard as you can.
Shiny Master Caddylackness, it'll suit you well.
Stand fast, upset the system, so many tomorrows to sell.
Shiny Master Caddylackness, it'll suit you well.

Stand fast, upset the system, so many tomorrows to sell.
Mother, mother, don?t want to work on the farm no more.
Father, father, don?t want to wear your uniform.
Mary, Mary, keep me safe and comforted.
Father, father, raise that dagger above your head.
Shiny Master Caddylackness, it'll suit you well.
All goes exactly as planned so many tomorrows to sell.
Shiny Master Caddylackness, it'll suit you well.
All goes exactly as planned so many tomorrows to sell.
All you ready to prove your love to the Lord?
I said are you willing to prove your love to the Lord?
As Abraham handed down his first born on a stone.
Do you wonder what is right and what is wrong?
