

# Light in the Dark

Ryan Spendlove

you can lead me away pretty lady  
you will tempt me and will obey

if you run to the ground  
I will follow you down  
you can keep  
you can throw me away

but I'll never be a burden for certain my love

the second I rise in the morning  
is the second I got you in mind oh  
I run through fire  
but I won't say goodbye  
there's some things that you can't keep aside

but you know I'll be a hand when your hurting my love

count the days  
I'm awake  
but I've never been far from your heart  
when it feels  
your alone  
and stuck in the dark  
when you cry  
when you know  
and it feels like you'll never get far  
I'll be the way  
I'll be your light in the dark

there's a look in your eyes that I don't know  
there's a gap in your soul I could fill  
and I don't agree it's the way it should be  
and you'll never be lonely I swear

and you know I'm gonna be a hand with your shelter my love

count the days  
I'm awake  
but I've never been far from your heart

when it feels  
your alone  
and stuck in the dark  
when you cry  
when you know  
and it feels like you'll never get far  
I'll be the way  
I'll be your light in the dark
