Fire Down Below

Graham Nash

Dogs in the distance
Howling and barking
Breaking the silence between us
And off in the night
I can feel something coming
That might overwhelm but relieve us
Lying awake with my heart in my hand
I'm feeling a fire down below me
What will I do when the morning is here?
Will I see what the world has to show me?Fire down below
Fire down below
Fire in the heaven above me
All I can ask of
Whoever you are
All I can ask is you love meAll of my senses go into this focus
A pinpoint of light at the center
Burning a hole in the man that I am
I'm a seeker, a friend, and a lover'Cause there's a fire down below
Fire down below
Fire in the heaven above me
All I can ask of
Whoever you are
All I can ask is you love me
There's a fire down below
Fire down below
Fire in the heaven above me
All I can ask of
Whoever you are
All I can ask is you love me
