

Your Own Reality (Vocal Mix)

Kai Tracid

Distorted voice:

your own reality we all came tonight - to this celebration
because we are a part of the new generation
close your eyes - and you can see it
this world of music - that makes you high open your mind - to the pathway of truth
let the colors of life - help you fly
you can walk through this world - of dreams and fantasy
and you will find - your own reality
