Boys Get Straight

Johnny Marr

It was one of those times
When I wasn't really there
"I'm a side effect" I said
In town disintegration was
Doing me in
Do me in again
Something so good
Makes me think of a revolution
Can we do it again?
Something in our blood
Makes people needy people
Consuming again
Boys
Get straight
Shot down
In flames
Small time
Happenings
Too late
Boys
Get straight
Reactivate
Re-load
Something so good
Makes people needy people
Getting used again
Some things in our blood
Makes it so easy for them
Consume consume again
Reactivate
Re-load
Boys
Get straight
Wildlife
Escapes
High time
Happenings
Too late
Boys

Get straight
