

Til' Infinity

J. Cole

Uh, yea let me warm up man, let me warm up man!
I got to warm up man!
Yea, Elite what up! Yea Warm Up
Yea, look niggas wanna know the formula for success, sheeitt, but I studied for this test
Ay nigga I'm better than the rest you just rest boy please
Me I'm trynna stretch my treasurer chest like some double D breast
So a nigga on a quest no question, so I tell em birds no nesting
Laying in my bed I hope to lay a niggas egg, No- you'll never hatch mines
Baby, you don't match mines
I'm trynna shine like the bat sign when it's crime and the gats flyin up in Gotham
Watch em
Far from a thug but I'll drop one
Far from a scrub but I'll mop them
Watch em better leave em alone like Stockton when he retired
Shit your shit is fire boy stop
I don't buy, boy caught, stop laying
Ya shit is not hot man if niggas not buying
It's not rocket science
But the way I rock it help me build up my alliance
These niggas ain't playing in New York like the Giants-ha!
A little line to show love to the city that got no love
Don't want to see a nigga grow rather see a nigga hold-up
That's cold blooded, well never to fail
If you can make it here you can make it from heaven to hell
I'm just a little nigga strait out the Ville
Always been sick probably never get well
And no time soon, step to a nigga get 4 times 2
Bet the way I spit it leave your mind blue with more rhymes due
Nigga you tryning who?
Sheeit, nigga you tryning me bitch I'm better than all them niggas you trynna be
Shit, nigga you trying me? Bitch I'm better than all them niggas you trynna be
Look, it's no time to chill I'm trynna get Mills
There's not time to chill I'm trynna build
Bitch there's no time to chill I'm trynna get Mills
There's not time to chill I'm trynna build
It's no time to chill I'm trynna get Mills
There's not time to chill I'm trynna build
Bitch it's no time to chill nigga! Yep
