Down

Lisa Maffia

I sat by the phone today Waiting for you to call, so I Could pick it up and say hello to you And you would say hello to me (Just like my dreams)d Is there a reason why you?re gone? I didn?t mean to be so wrong And I tried so hard to be the best that I could be But still it seems I always end up alone Is there something inside me that I don?t see? Is there something wrong here with the way I love? Down, you can?t hold me down ?Cause when no one is around I won't be standing here Just waiting for you to come back home again Down, you can?t hold me down Because I finally understand That what you did is not so bad In fact it?s better for me Did I not give you enough room Was I overtaking you And did my love for you just blind me from What I was doing wrong? (I never meant you harm) Or was I not good enough for you Is that the reason why we?re through Was I not half the man you thought that I would be But now you see? Is that why you leave me? Is that why you leave me? Is there something inside me that I don?t see? Is there something wrong here with the way I love? Down, you can?t hold me down ?Cause when no one is around I won't be standing here Just waiting for you to come back home again Down, you can?t hold me down Because I finally understand That what you did is not so bad

In fact it?s better for me And Lord knows I try To bring back my dreams ?Cause I held onto yours for so long That I couldn?t hold my own Down, you can?t hold me down ?Cause when no one is around I won't be standing here Waiting for you to come back home to me Down, you can?t hold me down Because I finally understand That what you did is not so bad In fact it?s better for me Down, down, you can?t hold me down again You can?t hold me down Down, you can?t hold me down again
