## Akeboshi

Cultivate your hunger before you idealize  
Motivate your anger, to make them all realize Climbing the mountain, never coming down  
Break into the contents, never falling down  
My knee is still shaking like I was twelve  
Sneakin out the classroom by the back door  
A man railed at me twice, though  
But I didnt care  
Waiting is wasting, for people like me  
chorus  
Dont try to live so wise,  
Dont cry cos youre so right  
Dont dry, with fakes or fears  
cos you will hate yourself in the end 2x you say dreams are dreams  
I aint gonna play the fool anymore  
You say cos I still got my soul Take your time baby  
Your blood nedds slowing down  
Breach your soul to reach  
Yourself before you gloom Reflection of fear makes  
Shadows of nothing  
Shadows of nothing You still are blind, if you see a winding road,  
cos theres always a straight way to the point you see Dont try to live so wise,  
Dont cry cos youre so right  
Dont dry, with fakes or fears  
cos you will hate yourself in the end 2x cos you will hate yourself in the end 4x
