

# Down On the Street

## Shakatak

Down  
down  
down  
down. - Down  
down  
down  
down.

Down on the street  
down  
down on the street  
down.

Down on the street  
down  
down on the street  
down.

Down on the street  
down  
down on the street  
down. . .

Tonight's the night we've waited for  
The time to sing and dance like never before.  
The street's alive with such a carnival air  
An all night dancing party everywhere.

You and I  
we're happy to be just a part of this crazy scene.

Down on the street  
down  
down on the street  
down. . .

Down on the street  
down  
down on the street  
down. . .

Tonight's the night you'll never forget  
The best time in your life that you'll ever get.  
New lovers meet as they dance through the night
