

# Starlight (Could You Be Mine)

**Don Diablo & Matt Nash**

Starlight, look at us shine  
Could you be mine  
Could you be mine  
White lies watching the skies  
Could you be mine  
Could you be mine  
Don't go wasting your time  
Don't go losing your mind  
Starlight, look at us shine  
Could you be mine  
Could you be mine Maybe all we get is this one night  
Maybe we don't need next time around  
Whoa..a..a..o..o  
Whoa..a..a..o..o  
Could you be mine  
Even if the stars come falling down  
We can just watch 'em hit the ground  
Whoa..a..a..o..o  
Whoa..a..a..o..o  
Whoa..a..a..o..o Starlight, look at us shine  
Could you be mine  
Could you be mine  
White lies watching the skies  
Could you be mine  
Could you be mine  
Don't go wasting your time  
Don't go losing your mind  
Starlight, look at us shine  
Could you be mine  
Could you be mine Maybe all we get is this one night  
Maybe we don't need next time around  
Whoa..a..a..o..o  
Could you be mine  
Even if the stars come falling down  
We can just watch 'em hit the ground
