1st verse

Don't you love a racking horse
So smooth, come on lets take a cruise
I just got 4 new shoes
When you're the peoples champ,you can't lose
It's a win win situation
No hating just say congratulations
Your horse is just as good as mines
But some people don't wanna put in time
Everybody wants em ready made
That's why the horse traders getting paid
Mines were born made its in the blood
No devices to make them get em up
Lookin good and doing it right
I guess I'm gonna hit a horse show later tonight

And i know they gonna be bringing all them tuff ones out
Let me tell ya what I'm talking about.

Chorus

3 up 1 down
4 beatn

Shut em down, pick em up
Got lift,like a monster truck
Making dust,slanging dirt
Getting more reach every time i cluck
Keg shod racking horse
Alot of people screaming for you an bout to lose thier voice
When gods got your back they ain't got no choice
You can't hang with the big dogs stay on the porch
Playing that tune like a sewing machine
Got the total package, call it a dream
A beast on the road or either the ring
No matter where you take him he'll do his thing
Lookin good and doing it right
I guess I'm gonna hit a horse show later tonight
