

How It Should Be - Sha Sha

Ben Kweller

When I was a movie star an asteroid had hit the earth
And prematurely ended my career
I thought out loud but no one heard me saying Nothing isn't nothing
Nothings something thats important to me, that's right
And everyones a little nothing that's okay
That's how it should be" That's right
That's right, sha sha, sha doo When I was an astronaut I bought a fancy charm
I thought you'd like it but you called it cheap
And at my feet it fell like So sue me it's up to me if I decide
To be what I think is right
And don't bother me when I'm watching
Planet of the Apes on TV, that's right
That's how it should be
Sha sha, sha doo
