

# Remember ~To Forget You~

## We Are the In Crowd

All my exes live in Texas  
Just a symptom of the times  
And these miscommunications  
We can leave between the linesHow do I know  
you and me wont  
make it if we don't try?  
We're just stuck here in the mean timeI gotta remember to forget you  
'Cause you're always on my mind  
I can never remember how I met you  
And every time I tryI can't find a way to cover your face  
With the truth inside the lies  
I gotta remember to forget you  
'Cause you're always on my mindI've got a complex for every message  
And I sit and wonder why  
I've got letters stacked in boxes  
And you're the subject every timeHow do I know  
you and me wont  
make it if we don't try?  
We're just stuck here in the mean timeI gotta remember to forget you  
'Cause you're always on my mind  
I can never remember how I met you  
And every time I tryI can't find a way to cover your face  
With the truth inside the lies  
I gotta remember to forget you  
'Cause you're always on my mindDrowning in jealousy  
Of people we wanna be  
We're drowning in jealousy  
Of people we wanna beI can't stand to be myself  
I could be anybody else  
We're drowning in jealousy (We're drowning in jealousy)  
Of people we wanna be (Of people we wanna be)I'm so sick of being  
everything to everyone but meI gotta remember to forget you  
'Cause you're always on my mind  
I can never remember how I met you  
And every time I tryI can't find a way to cover your face  
With the truth inside the lies  
I gotta remember to forget you  
'Cause you're always on my mind'Cause you're always on my mind
