

Can't Control Myself (Protohype Remix)

[Krewella](#)

La la la la la
Let's do something that we shouldn't do
I know that you want
Something more to life and I do too
La la la la la
Take me there 'cause it's so overdue
Hit me like a rock, knock me out
I know you're dying to.No doubt, you got me dropped down to your feet
I can't control myself you got me fiending for your lust.
One touch, will make me in love
No fakin'
I can't control myself
You know I'll never get enough.I can't control myself
Can't can't can't can't control myself.Always on my mind
Turn these thoughts to verbs so we can do
Anything you like
No such thing as no when I'm with you.
When we dim the lights, come in closer
Smell this sweet perfume
Heating up the night
Touch me now like there's no time to lose.No doubt, you got me dropped down to your feet
I can't control myself you got me fiending for your lust.
One touch, will make me in love
No fakin'
I can't control myself
You know I'll never get enough.I can't control myself
Can't can't can't can't control myself.
