

# Don't Let It Bring You Down

Neil Young

Old man lying by the side of the road  
With the lorries rolling by  
Blue moon sinking from the weight of the load  
And the buildings scrape the skyCold wind ripping down the alley at dawn  
And the morning paper flies  
Dead man lying by the side of the road  
With the daylight in his eyesDon't let it bring you down  
It's only castles burning  
Find someone who's turning  
And you will come aroundBlind man running through the light of the night  
With an answer in his hand  
Come on down to the river of sight  
And you can really understandRed lights flashing through the window in the rain  
Can you hear the sirens moan?  
White cane lying in a gutter in the lane  
If you're walking home aloneDon't let it bring you down  
It's only castles burning  
Find someone who's turning  
And you will come aroundDon't let it bring you down  
It's only castles burning  
Just find someone who's turning  
And you will come aroundDon't let it bring you down  
It's only castles burning  
Just find someone who's turning  
And you will come around
