

Top of the Charts

[MxPx](#)

They said, We need to kick it harder
They said, Rewrite the lyrics smarter
We can't quite smell platinum yet 'Cause everybody wants to be a big celebrity
Everybody wants to win the lottery From the bottom of our hearts to the top of the charts
They said, You need to play it better
They said, Just sing like Eddie Vedder
And bring us something we can sell 'Cause everybody wants to be a big celebrity
Everybody wants to win the lottery
'Cause everybody wants to be like the people on TV
Everybody wants to see the show for free From the bottom of our hearts to the top of the charts
Somebody said it right
When they said, this life ain't easy
Maybe tonight's the night
When it all comes down and we get it right 'Cause everybody wants to be a big celebrity
Everybody wants to win the lottery
'Cause everybody wants to be like the people on TV
Everybody wants to see the show for free From the bottom of our hearts to the top of the charts
From the bottom of our hearts to the top of the charts
From the bottom of our hearts to the top of the charts
