

# Linkin Verbz

## Reggie and the Full Effect

Hello Americans, this is Klaus from Common Denominator  
That is the band you are listening to right now, we are from Finland  
This is the second song on our debut album here in America  
The song is about the words that connect subjects to the predicates  
Help you form in complete sentences your  
helping verbs, AKA linking verbs  
Linking verbs are as such you should go buy the record  
This is the best song on the record, you should go buy a T-Shirt  
I would go buy a T-Shirt  
Linking verbs is a word for everybody, do the same  
Help us out, me would go buy a shirt  
Is a word for everybody, do the same  
Help us out, me would go buy a shirt  
Is, are, was, were, have, being, been  
Do, does, did, have, has, had, they, might, would  
Can, could, will, would, shall have, should  
(Go buy a T-Shirt)  
And being these are your linking verbs  
(Linking verbs, linking verbs)  
Thank you very much for having us in your country  
We'll see you next year, goodnight  
You could go buy a T-Shirt now
