Sex on the Ceiling

Sevyn Streeter

Fuck a mattress, being on the floor
I'mma need ya to do a little more yea ohThe shower is overrated
Baby I anticipated tonight
Here's what we gone do (whoa)Turn the bed upside down, flip me round
Gravity's left the building
I'll be on top, really I'll be on the bottom
Cause we gone be having sex on the ceilingTake me higher, take me higher boy
Switch it up one time,
180 drive me crazy
Baby we gone have sex on ceilingI don't never ever wanna come down boy
I'ma have you standing up when I'm around boy
So whenever you get that feeling
Baby we gone have sex on ceilingNothing beneath us but the carpet
I need some furniture, let's get it started (whoa...)But my body is orthopedic
Victoria, give me the secret
And I've been saving it for youI turn the TV up, up, up, up
I'm so tired of droppin it low
Til the top don't stop, let's goTurn the bed upside down, flip me round
Gravity's left the building
I'll be on top, really I'll be on the bottom
'Cause we gone be having sex on the ceilingTake me higher, take me higher boy
Switch it up one time,
180 drive me crazy
Baby we gone have sex on ceilingI don't never ever wanna come down boy
I'ma have you standing up when I'm around boy
So whenever you get that feeling
Baby we gone have sex on ceilingI turn the Tv up, up, up, up
I'm so tired of droppin it low
Til the top don't stop, let's go
I turn the TV upBaby take me little higher,
You can my one desire
I'm so tired of droppin it low
Til the top don't stop, let's goTurn the bed upside down, flip me round
Gravity's left the building
I'll be on top, really I'll be on the bottom
'Cause we goin be having sex on the ceilingTake me higher, take me higher boy
Switch it up one time,
180 drive me crazy
Baby we goin have sex on ceilingI don't never ever wanna come down boy

I'ma have you standing up when I'm around boy
So whenever you get that feeling
Baby we gone have sex on ceilingSex on ceiling
Sex on ceiling
