## Let It Go

## **Newsboys**

You are waiting on a beach For a healing word to come Maybe an apology in a bottle Maybe a flare that says, "I'm sorry" And the hurting leaves you numbWill you forgive? Will you forget? Will you live what you know? He left his rights Will you leave yours? You don't understand it Let it goYou are waiting on a beach This is where the east meets west And as another sun sets on your anger The darkness laughs, as the wound destroys And it turns your prayers to noiseWill you forgive? Will you forget? Will you live what you know? He left his rights Will you leave yours? You won't understand it Let it go You won't understand it Let it goThis bitterness you hide It seeps into your soul And it steals your joy 'Til it's all you know And let it go Let it go Let it go Let it goWill you forgive? Will you forget? Will you live what you know? He left his rights Will you leave yours? You won't understand it Let it goWill you forgive? Will you forget? Will you live what you know?

Beneath the cross

You hear His words
"Father, forgive them"
And you know
You can't understand it
Let it goJust let it go
Just let it go
