Jet Set

Alphaville

This is the time, now gimme the beat
Feel how the rhythm grips your feet
Kitty baby, take my hand
Shes like a devil, heaven sentIm in her arms and shes in mine
Maybe we make the film on time
Sitting in the 15th row
Oh baby, baby, I love you soWe are the jet set society
We are the jet set

And that means liberty, libertyThe jet set society

We are the jet set, set

We are the jet set, set societyWere on the run, we know where to go
We got the tickets for the midnight show

These nights are burning out so fast

Hop on the beam, you wont be lastThe Russians seem to be that way

We love them like we love D. Kaye

We need no money, we got it free

We are the h-h-high societyWe are the jet set society

We are the jet set

And that means liberty, libertyThe jet set society

We are the jet set, set

We are the jet set, set societyOh, we are the jet set, hop on the beam

We are the jet set, hop on the beam

Oh, we are the jet set, hop on the beam

We are the jet set, hop on the beam

Hop on the beamShine on society, shine on liberty

Shine on luxury, shine on societyStreets are full of love, fear

This could be the final year

Enricos dead but still okay

We dance the streets, feeling wellIf shes a liar, Im her lover

If shes a priestess, Im her cover

If shes a lady, Im her man

If shes a man, Ill do what I can We are the jet set society

We are the jet set

And that means liberty, libertyThe jet set society

We are the jet set, set

The jet set, set society
