Personal Insult

Superjoint Ritual

Personal insult till multiple injury is in store for you not me
They simply had to be calling out, calling out to me
Blacked out, I blacked out with a hatred, I hate enough to see
Personal insult leads to multi-injury
Damn the eyes
The ultimate fix is in, crawling though diease and ruins
Enslavement of man begins, only the strong yet scared are
Spared an early deathPersonal insult, till multiple injury
Personal insult, destroying
Personal insult to multiple injury
Personal insult, on your, crushingUnholy war you will get, you can get, its just bullshit (sandnigger)
A holy war you will get, you can get, jihad is a jokeFight us the American public
The most pissed off mother fuckers in the worldPersonal insult, till multiple injury
Personal insult, destroying
Personal insult to multiple injury
Personal insult, on your, crushing
