Better Off

Breaking Pangaea

It been a long time without you
But now I realize it true
I better off being without you
With out you
Now I know
Youl carry on
Without the pain
Youe got a lie
Ie got myself to blame
I better off being without you
I better off being without youNow I alone now I can seeIl carry on knowing the pain
Knowing what could have been
I might not be the same
Still I knowI better off being without you
I better off being without youNow I alone now I can seeI better off being without you
