Sandy L

Kathryn Williams

My name is sandy L sandy L
I named myself after myself
I watch people and people watch me
The best time is when they sleepI'm going to dream of dreamingMy name is sandy L sandy L
Sometimes I end up talking to myself
I can see them and they can see me
Laid flat like a closed book
Closed to you closed to meI'm going to dream of dreamingStreets aren't so easy for me
You need a place to go and a place you've been
My hardware is humming with me
That and you on the screen keeps me companyYou don't need to know people to love them,
As long as you don't want to own themI'm going to dream of dreamingMy name is sandy L sandy L
It's my password, my logo, my business, my shadow
I've switched off and i've shut down
I can see the lights from the town going out going outI'm going to dream of dreaming
Next to somebody dreaming
I'm going to dream of dreaming
Next to somebody dreaming
I'm going to dream of dreaming
Next to somebody dreaming
I'm going to dream of dreaming
Next to somebody dreamingI'm going to dream.
