The Suicide Machines

You've got no friends and so you're lonely
It does not have to be this way
Just be yourself, the one and only
It take some time but that's okayAlright, no need to fight 'cause everybody's different
And there's nothing you can do about it
Just because I don't look like you or act like you
It doesn't make me any better or worseI used to be just like you
Until I found better things to do
Then worry about what the others think
Or wonder if there's something wrong with meYou hate yourself 'cause you're not like them
Well understand that this is wrong
You're better off doing your own thing
Being yourself and being strong
