Till I Get Over You

Lara Fabian

Hey, I'm in loveAnd the sunlight on your face
It's a memory I'll never replace
Never thought I'd have to try to let it goNow, if you're gettin' on all right
I was hopin' that maybe you'd show me
What to do, how to make it throughTill I get over you, I can give, I can live a lie
Till I get over you, I can save one prayer for love
Till I get over you, I can live, I can live, till I get over youAnd I could never give enough
Couldn't save it with all my love
Watched you walk out, leavin' me there wantin' moreNow I can't get through the night
And I'm drownin' but I would be damned, babe
If you knew, I can make it throughTill I get over you, I can give, I can live a lie
Till I get over you, I can save one prayer for love
Till I get over you, I can live, I can live, till I get over youAnd the sunlight on your face
Maybe someday I will erase
But if I do, could I make it through
Through this world without loving youTill I get over you, I can give, I can live a lie
Till I get over you, I can save one prayer for love
Till I get over you, I can live, I can liveTill I get over you, I can give, I can live a lie
Till I get over you, I can save one prayer for love
Till I get over you, I can give, I can live a lieTill I get over you, I can save one prayer for love
Till I get over you, I can live
