

# Red Shoes

## Throwing Muses

This date, this war criminal is  
This date is brutal, it  
It wants red so I got red shoes  
Because red becomes you  
This red becomes you Eyes closed, you close them in the dark, huh  
What do you think you can see?  
What do you think you can see?  
What do you think you can see?  
You want red, so I got red shoes  
Because red becomes you  
This red becomes you This dance, this war criminal is  
This dance is brutal  
It wants red so I got red shoes  
Because red becomes you  
I become you
