

# Wrong Side Of A Love Song

Melanie Fiona

Where were you when I needed a friend  
Thought I could be strong  
Never knew I'd be so lost  
A heart breaker, most of my life  
Suddenly it all changed  
The moment you left me  
and walked out my life  
I try to play cool  
But instead I was playing myself  
What you gotta know about me  
Is I'm dying in this lonely hell  
And I don't wanna be without cha  
Cause I can hardly breathe without ya  
This is what it feel to be the one  
Who's standing left behind  
How did I become the wrong side of a love song?  
Baby, i'm a mess  
Out of every piece and part of me  
You're always the best  
But instead I was leaving you here alone  
But I didn't mean it,  
No, I didn't mean it  
Now i'm begging baby come home

And you got me singing why  
Why you wanna make me cry  
I'll be thinking 'bout you  
Got me dreaming 'bout you  
Every single day and night  
And I don't wanna be without cha  
Cause I can hardly breathe without ya  
This is what it feel to be the one  
Who's standing left behind  
How did I become the wrong side of the love song?  
How baby,  
Wanna know, why  
Said that you'll be there for me  
said you'll care for me  
So how you gonna say goodbye

And I don't wanna be without you  
Cause I can hardly breathe without you  
This is what it feel to be the one  
Who's standing left behind  
How did I become the wrong side of the love song?  
I really need you now baby  
Oh baby, oh baby
