

# Portrait

## Take That

Life slow down  
You've gone too fast  
And words begin to mean a little less  
Bones stay strong  
Cos the road ahead is long  
And every voice will miss us when we're gone Take a portrait  
25 let me hear you singing it out  
Ba ba ba ba ba ba ba  
Ba ba ba ba ba ba ba  
Let me hear you singing it out  
Ba ba ba ba ba ba ba Skin don't stretch  
It's way too new  
And those who look back are only the fools Take a portrait  
25 let me hear you singing it out  
Ba ba ba ba ba ba ba  
Yeah I'm singing it out  
Ba ba ba ba ba ba ba  
Let me hear you singing it out  
Ba ba ba ba ba ba ba  
Ba ba ba ba ba ba ba Years don't come too soon  
And days be long and light  
Future you can wait  
Cos time's still on our side Take a portrait  
25 let me hear you singing it out  
Ba ba ba ba ba ba ba  
Ba ba ba ba ba ba ba  
Let me hear you singing it out  
Ba ba ba ba ba ba ba  
Yeah you're singing it out  
Ba ba ba ba ba ba ba  
Oh sing it out  
Ba ba ba ba ba ba ba  
You're free to come alive  
Ba ba ba ba ba ba ba  
You're free to come tonight
