

In Passing

Indica

One time
We were
In passing
I watched
The future

Swirling 'round, around my head
And this is how it went You and I both alone sat
Waiting in lines too long to comprehend
We both sat waiting in lines
For the rest of our lives You-whooo-ooooh Forever and after we went on forever One time

You were
Inhaling
I saw

The smoke went

Whirling 'round your heedless head
You bore me to my death You and I both alone sat
Waiting in lines too long to comprehend
We both sat waiting in lines
For the rest of our lives You-whooo-ooooh Forever and after we went on forever I prefer to sleep alone

I prefer to stay right here
Don't come searching
I prefer the windows up
I prefer the fresher air

And for the record You-whooo-ooooh Forever and after we went on forever
And after we went on forever
And after we went on forever
