

# Time

Advisory - the following lyrics contain explicit language:

Time here, all but means nothing  
Just shadows that move across the wall  
They keep me company but they don't ask of me  
They don't say nothing at all And I need just a little more silence  
And I need just a little more time You send your thieves to me, silently stalking me  
Dragging me into your world  
Would you give me no choice in this?  
I know you can't resist trying to reopen a sore Leave me be, I don't want to argue  
I just get confused and I come all undone  
If I agree, well it's just to appease you  
'Cause I don't remember what we're fighting for You see love  
The tight, thorny thread that's just spin in a circle of gold  
To have me, to hold me, a token for all to see  
Captured to be yours alone And I need just a little more silence  
And I need just a little more time  
Courage to pull away, there will be hell to pay  
The deeper you cut to the bone Leave me be, I don't want to argue  
I just get confused and I come all undone  
If I agree, well it's just to appease you  
'Cause I don't remember what we're fighting for Time here all but means nothing  
Just shadows that move across the wall  
They keep me company but they don't ask of me  
They don't say nothing at all So leave me be, I don't want to argue  
I just get confused and I come all undone  
If I agree, well it's just to appease you  
'Cause I don't remember what we're fighting for
