

# Closer

## The Corrs

I see you walking everyday  
With a smile beneath frown  
But I won't look away, yeah  
What does it mean?  
What's there to see? If I look closer  
Closer, closer  
Closer, closer  
Closer, closer  
Closer Where are you going?  
And what are you thinking at all?  
Your eyes show nothing more  
Than a dazed oblivion  
What does it mean?  
What will I see? When I look closer  
Closer, closer  
Closer, closer  
Closer, closer  
Closer, yeah You don't see me  
Watching everyday  
My smile could warm your frown  
And I'd never look away  
Never look away  
There's more to me (there's more to me)  
Than what you see When you look closer  
Closer, closer  
Closer, closer  
Closer, closer  
Closer, closer  
Closer, closer  
Closer, yeah  
Closer, closer  
Closer, no no, oh
