

# Disgusted : Disguised

## Sleepwave

I can't believe in you  
Just being honest  
I'm never honest to you  
The way the air feels now  
Well I can taste it  
I'll never taste you againRemember when you were young  
Be patient before you're all used up  
There's not enough, is not enough  
To tear the mask away  
Just be patient, be patientIt's not the way it has to be  
So cold and alone we left our skin behind  
No it's not too late for you  
Remember when you were young  
Be patient before you're all used up  
There's not enough, is not enough  
To tear the mask away  
So be patient, be patientI'll take my own  
No one will find me  
Right here I will make my home  
I'll step outside and breathe for the first time
