Gorebag

Jungle Rot

dead
arise
at night
they're craving bloodout to kill
at will
psychotic bodiesout to maim
their victims
eat the flesh
of the deadtear your limbs
apart
they're taking overhuman gore bag
of parts
are chewed to stumpstorsos bleeding
everywhere
chopped to pieces
you are dead
evil chant awakens
the evil side of mepoking at my skin
feasting on your body
slaughter blood to taste
extinction of the human racevictims of society
chew them up and
spit them out
dying by the hand of me
you are in danger
sickening butchered you
to death
unforgiving soulspoking at my skin
feasting on your body
slaughter blood to taste
extinction of the human race
