

# Gorebag

## Jungle Rot

dead  
arise  
at night  
they're craving bloodout to kill  
at will  
psychotic bodiesout to maim  
their victims  
eat the flesh  
of the deadtear your limbs  
apart  
they're taking overhuman gore bag  
of parts  
are chewed to stumpstorsos bleeding  
everywhere  
chopped to pieces  
you are dead  
evil chant awakens  
the evil side of mepoking at my skin  
feasting on your body  
slaughter blood to taste  
extinction of the human racevictims of society  
chew them up and  
spit them out  
dying by the hand of me  
you are in danger  
sickening butchered you  
to death  
unforgiving soulspoking at my skin  
feasting on your body  
slaughter blood to taste  
extinction of the human race
