Personal Soldier

The Wanted

Left, left, left right left
Left, left, left right left
Tell me what's going on
I know there's something
On your mind and
Can you just open up?
Do you feel out of love?
Is somebody tryin' to hurt you?
You know I'll never let that happen
They must be out of their mind
'Cause you are the sunshine
That makes my day
And I won't let them take that away
I'll be your hero who's standing strong
Who protects you from any fight
And if your battles are piling on
I will take them on with all my might
Cry your tears on my shoulder
You don't know what the future holds
So I'll be your personal soldier
Left, left, left right left
Left, left, left right left
If life is a battle field
And there's so many dangers
Just when you think it's okay
It blows up in your face
And when this road gets harder
You think your luck's run out
I will find a reserve
To take it right back
To where your heart deserves
'Cause there is no way
That I won't put you first
I'll be your hero who's standing strong
Who protects you from any fight
And if your battles are piling on
I will take them on with all my might
Cry your tears on my shoulder
You don't know what the future holds

So I'll be your personal soldier
I'll protect you
Girl don't worry
I'll be your hero who's standing strong
Who protects you from any fight
And if your battles are piling on
I will take them on with all my might
Cry your tears on my shoulder
You don't know what the future holds
So I'll be your personal soldier
Left, left, left right left
Left, left, left right left
