

# If You Really Wanna Go

## No Question

Tell me why you're trippin  
While I'm out acting a fool  
You don't have to work for nothing  
Cause I make sure that you're cool  
The only thing that matters  
Is that you stay honest with me  
If I am your boy  
Then who the hell is he  
Last night you didn't even come home  
I sat out on your steps and called you all night long  
Feel God from the depth of my soul  
I can't hold you if you wanna let go, oh,oh,oh,oh,

Chorus:

If you really wanna go,  
Go on, don't stay  
If you really wanna take your love away  
If you really wanna go solo  
It's okay  
Babe it's your life, ooh ooh  
Remember when I met you  
Your life was lack of love  
I gave your life a reason

You should thank the Lord above  
You felt someone to take your messes  
And sometimes understand  
Who would hold you next to God,  
It will never raise a hand  
I could've sworn I've done everything alright  
You got a man who comes home to you  
Each and every night  
I'm so mad  
I just wanna jump place  
But if you wanna go  
Then I can't make you stay

Chorus

Tell me what I'm suppose to do now  
I wish that it could work out somehow  
I laced you up,

Gave you all my love,  
Showed you the game and I read you up  
Now you say you just wanna bounce  
Chorus till end
