

I Must Be High

Wilco

You always wanted more time
To do what you always wanted to do
Now you got it And I, I must be high
To say goodbye
Bye, bye, bye You never said you needed this
And you're pissed that you missed the very last kiss
From my lips And I, I must be high
To say goodbye
Bye, bye, bye And you never looked in my eyes
Long enough to find any piece of mind
But now you got it And I, I must be high
To let you say goodbye
I must be high Bye, bye, bye
Bye, bye, bye
