Two Hearts Beat as One

Three Lions

Babe, I'm singing just for you, a serenade in blue
See my emotion
Oh you, you kiss me no return
I see the candles burn, feel my devotionOh, I see my heart is tumblin' down
Baby, you make this whole world goin' around
Baby, I know babe, what should never be
Kiss me, hold me baby, till eternityOh, lover, lover, lover
Two hearts beat as one, it's like burning fire
Lover, lover, lover
Lady of the dark, can't you feel desire?Come with me to a serenade in blue
Oh, don't set me free
I will kiss you
I will give you heaven tooBabe, I'm not a souvenir
I'm drowning in my tears, see my emotion
Oh, that's no way to say goodbye
Silence start to cry, feel my devotionOh, why can't I find the paradise?
Baby, I know that good love never dies
Baby, now, oh, this love will turn out fine
Kiss me, hold me baby, now it's our timeOh, lover, lover, lover
Two hearts beat as one, it's like burning fire
Lover, lover, lover
Lady of the dark, can't you feel desire?Come with me to a serenade in blue
Oh, don't set me free
I will kiss you
I will give you heaven tooCome with me to a serenade in blue
Oh, don't set me free
I will kiss you
I will give you heaven tooOh, lover, lover, lover
Two hearts beat as one, it's like burning fire
Do you wanna be my lady of the dark? Can't you feel desire?Come with me to a serenade in blue
Oh, don't set me free
I will kiss you
I will give you heaven too
