

Christmas Lights

[Nina Gordon](#)

Dream we're out on the runway
And you're right there by my side
And we're taking off in your j5
Baby, I love it when we fly 'Cause you're mighty like a knockout, baby
You're desperate like a rose
And you stumble in to the spot light
And you watch the crowd grow But my hero said, "you can't hold the hand
Of a rock and roll and man"
But what if I can, what if I can? What if I look to the sky
And check out the stars
How they shine in to your eyes
They're just like mine
Searching the darkness for some kind of sign
We're building our life on the dreams we string together
Like Christmas lights I can't wait till the night comes
For that sweet blue summer sky
Because I've got something to tell you baby
And the daylight makes me shy But tonight I'll sing out as loud as I can
Like a die hard fan for my favourite band
Loud as I can, and I'm gonna What if I look to the sky
And check out the stars
How they shine in to your eyes
They're just like mine
Searching the darkness for some kind of sign
We're building our life on the dreams we string together
Like Christmas lights Slow down baby, summer is over
It's almost time to go home
Well don't worry baby, the nights may get colder
But you're not alone And my hero said, "you can't hold the hand
Of a rock and roll and name"
But what if I can, what if I can? What if I look to the sky
And check out the stars
How they shine in to your eyes
They're just like mine
Searching the darkness for some kind of sign
We're building our life on the dreams we string together
Like Christmas lights Christmas lights
Look in your eyes
Look in your eyes

Look in your eyes
Look in your eyes
