

Shut Up

Conway

I can't get you what you want
If you want to be my dog
We're gonna read the dirty books that
Risk them all

Shut up, shut up
Shut up, shut up
Shut up, no
You could
shut up, shut up
Shut up, shut up
Shut up, no
Shut your mouth

I wanna feel good
Wanna feel good
I wanna feel good
Wanna feel good
I wanna feel good
Feel good
I wanna feel good, no

I can't get you what you need
I'm your angel on your knees
Well thank you very much
Now we want more
We don't give a f

about what you want

Shut up, shut up
Shut up, shut up
Shut up, no
You could
shut up, shut up
Shut up, shut up
Shut up, no
Shut your mouth

I wanna feel good, wanna feel good

I wanna feel good, Wanna feel good

I wanna feel good, feel good

I wanna feel good, no

I work for nothing

Just like they say do

Now I want my money

Just like you do

Shut up, shut up

Shut up, shut up

Shut up, no

You could

shut up, shut up

Shut up, shut up

Shut up, no

Shut your mouth

I wanna feel good, wanna feel good

I wanna feel good, Wanna feel good

I wanna feel good, feel good

I wanna feel good, no

Thank you very much

Thank you very much

Thank you very much

Thank you very much

Thank you very much

Thank you very much

Thank you very much
