

# Outcast

## Kreator

All alone  
So unreal  
Follow illusions  
Beyond imagination  
All alone  
Cannot breathe  
Feelings isolated  
All your heaven breeds frustrationOutcastAll alone  
Is it real?  
Killing illusions  
Beyond imagination  
All alone  
Cannot feel  
Absolute rejection  
In a world with no reflectionNow you've crossed the line  
See with different eyes  
With a different mind, looking  
Straight through your disguiseDo you ever know what it really means  
Being pushed away  
Driven to the last extreme  
All you'll ever be, all you ever were  
Nothing but a freak, just a sociopathOutcast
