

# Lock In On Love

## Renaissance

Some people knocking at the door you tell them come on in  
Still they hesitate and they don't see the way to go  
Some people don't see what they're worth you tell them everything  
Still they stand and wait don't seem to know the things they know  
They're on the outside looking in  
You tell them come on in  
You give them everything Lock in on love locked in on loving you  
It's so simple and so true  
Lock in on love you'll find out what to do  
And your love will see you through Some people sitting on the fence you tell them come right down  
Still they seem to wait they seem afraid to let it be  
Some people don't know what to do they haven't looked around  
So they hold on tight they miss the things there are to see  
They're on the fence they're looking down  
You show them where they're bound  
You tell them come around Lock in on love your love will make you free  
You'll be all that you can be  
Lock in on love 'cause love is good for you  
You will see what you can do
