Killing The Light

Black Rebel Motorcycle Club

She said, "You're killing the light
You'll never see it again"
"We come to suffer", I said
"I won't be fooled by the light
I won't be fooled by the lie"

The easy road lies in wait
Takes its toll and all it desires
Leads you blind, leaves you there
Takes your heart and leaves you in silence

Oh, look what you've started
Oh, look what you've started
Oh, look what you've started
Oh, we're all broken hearted

She said, "don't leave us behind
We'll never be here again
Our lives are closer this way
I won't be fooled by the light
I won't be fooled by the lie"

The easy road lies in wait
Takes its toll and leaves you in silence
Leads you blind, leaves you there
Takes your heart and all that you wasted

Oh, look what you've started
Oh, look what you've started
Oh, look what you've started
Oh, we're all broken hearted
