She Wants To Be Alone

Ingram Hill

She don't believe in anything
Never in love with those who love her
Taking time by men's sideShe carries her weight of broken dreams
Carefully hiding everything from her heart
Doesn't know what she's missingShe wants to be alone
She wants to change her whole way of life
She wants to be alone and there's no way around
She said, she doesn't need me, she doesn't need anyoneSelling the girl you never see
Falling apart to the sound of nothing
She likes it that wayWaited around patiently, hoping to be the one she needs
But she's running away, turning away
She won't stayShe wants to be alone
She wants to change her whole way of life
She wants to be alone and there's no way around
She said, she doesn't need me, she doesn't need anyoneKeep me in mind, I will be on call all the time
'Cause I want you more than anyoneShe wants to be alone
She wants to change her whole way of life
She wants to be alone and there's no way around
She said that she doesn't need meShe wants to be alone
She wants to change her whole way of life
She wants to be alone and there's no way around
She said, she doesn't need me and she doesn't need anyone
She doesn't need anyone
