

# Its Too Late

Jim Carroll

It's too late  
To fall in love with Sharon Tate  
But it's too soon  
To ask me for the words I want carved on my tombI think it's time that you all start  
To think about gettin' by  
But I have that need to go out  
And find somebody to loveIt's too late  
There's no one left that I even wanna imitate  
You see, you just don't know  
I'm here to give you my heart and you want some fashion showBut it ain't no contribution  
To rely on an institution  
To validate your chosen art  
And to sanction your boredom and let you play out your partIt's too late you know when they got nothin' to give  
They only part their legs for what's negative  
They, they're so decadent  
Until their daddy's money from home's all spentSo I think it's time, because it's too easy  
To rely on worshiping devils and strangers in bed  
Though they do get good drugs  
And they do give good headIt's too late  
You shoulda realized I was worth the wait  
Ah, but you didn't hesitate  
When he took you off, you let him seal our fateSo I think it's time that you all start  
To think about gettin' by  
Without that need to go out and find  
Somebody to love
