

Candy-o

Powerman 5000

Candy O, I need you
Sunday dress, ruby ring
Candy O, I need you so
Could you help me in?Purple hum, assorted cards
Razor lights you'll bring
And all to prove you're on the move
And vanishingCandy O, I need you so
Candy O, I need you soEdge of night, distract yourself
Obstacles don't work
Homogenize
Decentralize
It's just a quirkDifferent ways to see you through
All the same in the end
Peculiar your star, a that's who you are
Do you have to win?Candy O, I need you so
Candy O, I need you soCandy O, I need you so
Candy O, I need you so
