Icarus

Hopesfall

I'll put you back in your place
We'll ride a thousand miles
To find out we are emptyAnd if I wrote out our sins
It would read a thousand lies
And show us we are emptyYouth spent and still so young
If you could have her
Where would you be tonight, tonight?Standing at attention
Dreams cascading around you
Like rushing water
Every pore is filled with hopeIcarus, tempting fate again
Altitude sickness setting in
We're burning upIcarus, tempting fate again
Altitude sickness setting in
Trade winds bury fire from broken wings
Into arms below the oceanI'll put you back in your place
We'll ride a thousand miles
And find out we are emptyAnd if I wrote out our sins
It would read a thousand lies
And show us we are emptyLosing atmosphere
Eyes full, eyes full, eyes full of starsStanding at attention
Dreams cascading around you
Like rushing water
Every pore is filled with hopeIcarus, tempting fate again
Altitude sickness setting in
We're burning upIcarus, tempting fate again
Altitude sickness setting in
Trade winds bury fire from broken wings
Into arms below the oceanIt chills you to the bone
Paranoia translates the new tone
And it chills you to the boneIcarus, tempting fate again
Altitude sickness setting in
Trade winds bury fire from broken wings
Into arms below the oceanIcarus, tempting fate again
Altitude sickness setting in
We're burning up as we descendIcarus, tempting fate again
Into arms below the ocean
We're burning upIcarus, tempting fate again
Altitude sickness setting in
We're burning up as we descendIcarus, tempting fate again

Into arms below the ocean
We're burning up as we descend
