

Do You Wanna Dance

98 Degrees

ChorusBaby I gotta ask you
Do you wanna dance
Because I'm in the mood
I've been watching from across the room
The way you're moving
I could get into youTonight is the night I wanna dance with you
My heart is beating faster than I want it to
The music is right and the groove starts to move
Can I find a way to get down with you
Put your hand in mine
Let me look into your eyes
Let's not waste any time girl
'Cause this feeling's so strong that I can't denyChorusBaby, I gotta ask you
Do you wanna dance
Because I'm in the mood
I've been watching from across the room
The way you're moving
I could get into youI look in your eyes and my world starts to shake
Intoxicating me with every move you make
Come and get down with your favorite tune
I feel the need to get with you soon
Ooh, you're looking so fine
And I'm liking the way that you move
Girl you're making me high
And there's nothing I wouldn't do to youBaby, I gotta ask you
Do you wanna dance
Because I'm in the mood
I've been watching from across the room
The way you're moving
I could get into youSo what you wanna do
Do you wanna dance
So what you gon' do
Do you wanna get down
So what you wanna do
Do you wanna dance
So what you gon' do
Do you wanna get downGet down on it, girl
Get down on it, girl
Get down on it, girl

Get down on itChorusBaby, I gotta ask you
Do you wanna dance
Because I'm in the mood
I've been watching from across the room
The way you're moving
I could get into you
