Soulfly

Hate torture kill American steel
This is the real American steel
Breathe in the new American steel
This is the new American steel
Hate torture kill American steel
Burning u feel American steel
Massive aggressive American steel
Back is all the blood American steel
AAAAahhhrrrgh

We are the storm kill everyone under the sun
We against the world spiral to fall enter the swarm / this world
We against the world judgment anger killing hard / heart
We're stronger than hate stronger than hope we are the storm
The killing heart 3x
We are the storm 3x
Under the sun 3x
Enter the swarm 3x
The killing heart 6x
