

Ooh Poo Pah Doo

Etta James

I wanna tell you about ooh poo pah doo
They call me the most
Ooh poo pah doo
They call me the most, yeah
I won't stop tryin' till I create a disturbance in your mind
Now ooh poo pah doo They call me the most
Oh, yeah now
They call me the most
I won't stop tryin' till I create a disturbance in your mind
Create disturbance in your mind
Create disturbance in your mind
Create disturbance in your mind
Create disturbance in your mind
I won't stop tryin' till I create a disturbance in your mind
Lord have mercy
Soul is happy children
Ooh pah doo
They call me the most
Oh, mama, mama, mama, mama
Don't you know they call me the most, hey
I won't stop tryin' till I create a disturbance in your mind
Look in here baby, here's what I'm gonna do
Ring a few bells in your ear
Ring a few bells in your ear
Ring a few bells in your ear
Ring a few bells in your ear
I won't stop tryin' till I create a disturbance in your mind
